

0. Welcome, introduction round, organization and structure

- **Lecturer: Dr. Sven Henning**

- PhD physics, Martin Luther University Halle-Wittenberg, Germany
- Specialization in polymer physics
- Expertise and scientific interests:
Structure-processing-properties- correlation of polymers, morphology and micromechanics of polymers, electron microscopy and polymer characterization, biomaterials, biopolymers, elastomers and tyre applications, circular economy of polymers

- Scientist, team leader polymer diagnostics at the Fraunhofer IMWS Halle (Saale), Germany

<https://www.imws.fraunhofer.de/en.html>

- Lecturer Polymer Materials Science, Technical University Ilmenau, Germany

- Vice President/Chair of the Award Committee of the Poly-Char conference series

<https://poly-char.org>
